

## Strong Women Strong Girls Mural

Girls from the Harvard Chapter of Strong Women Strong Girls in the South Boston Boys and Girls Club recently presented the South Boston Community Health Center with a mural depicting their ideas for a healthier community. Every spring, each Strong Women Strong Girls site does a service project, where the girls come up with an idea of something they'd like to do to better their community. The girls at the South Boston Boys and Girls Club decided that they wanted to create a mural celebrating their community, and the things they love about it. The mural will be prominently displayed at the South Boston Community Health Center for all to view.
